

Moving up to High School is a big step for your young person, and for you too!

It is very different from Primary school. Your young person will be given increasing levels of responsibility for their own learning, but that doesn't mean you shouldn't be just as involved. Parents always have a role.

Part of High School is preparing your young person for the next step, whether that is work or further learning.

To help with YOUR move to High School, Forrester Parent Council has compiled some information we think you will find useful. It is a work in progress – if you have anything you would like to see added, please let us know at forresterpc@gmail.com

- School starts at 8:30am. A warning bell sounds at 8:25am.
- It is really important to encourage your young person to get to school in good time.

- A wide variety of food and drink is available in the school cafeteria and you can buy a two course lunch for £2.55, or purchased to the value of £2.55 if your child receives free school meals.
- The cafeteria operates a cashless system; use ParentPay to top up your child's Young Scot card, enabling them to buy food.
- No need to go hungry! If your young person loses their card, they should go the office and they will advise what to do.

Sugar Free Zone

- Forrester High School is a sugar free zone and actively discourages drinking of any fizzy, high sugar, energy drinks on the school grounds or in the school building.
- There are a number of water fountains around the school and young people are encouraged to bring their own water bottles, topping them up at appropriate times throughout the school day.
