

Education City

You can access Education City here.

<https://www.educationcity.com/>

1. Click Login which will take you to this page. Add your login details. Copy them carefully. Then click Log in. Make sure where it says country you select Scotland.

The screenshot shows the Education City login interface. At the top left is the EducationCity logo. The main heading is "Log in to EducationCity" with a question mark icon on the right. There are two main sections: "Username and Password" and "Single Sign-On".

Username and Password:

- Username: Enter Username
- Password: Enter Password
- Country: Scotland

Below the country field is a link: "Forgotten your login details?". A "Log In" button is at the bottom right of this section.

Single Sign-On:

- Log in with Wonde
- Log in with Google for Education
- Log in with Office 365 Education

A purple cartoon character is visible on the right side of the page.

2. Once logged in you will be able to see this page.

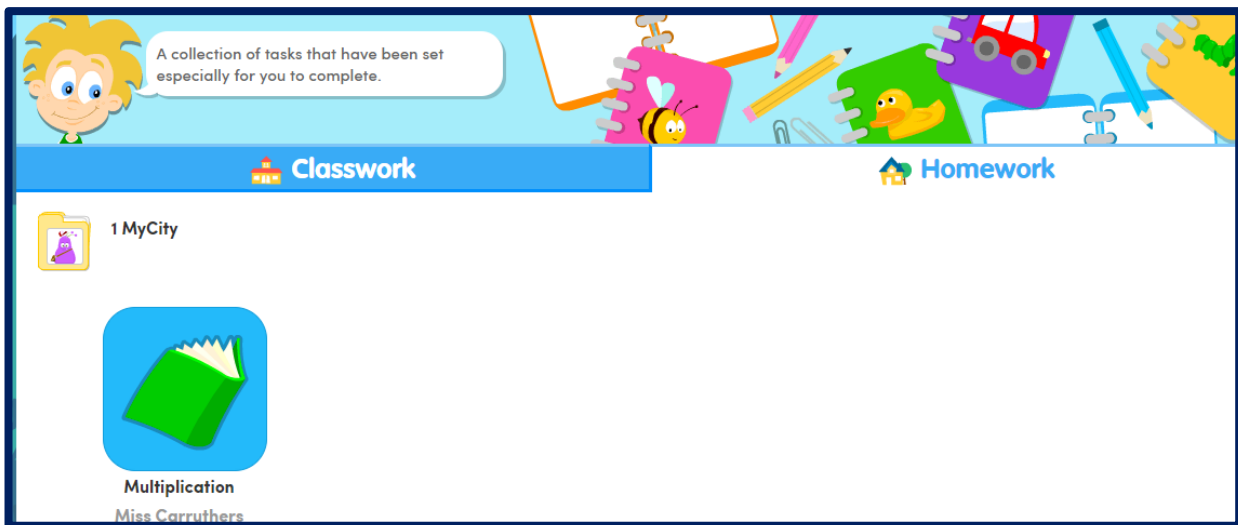

The screenshot shows the Education City home page after login. The user is identified as "Harry" from "Gylemuir Primary School". A "Log Out" button is in the top right corner. A search bar labeled "Search Content" is also present.

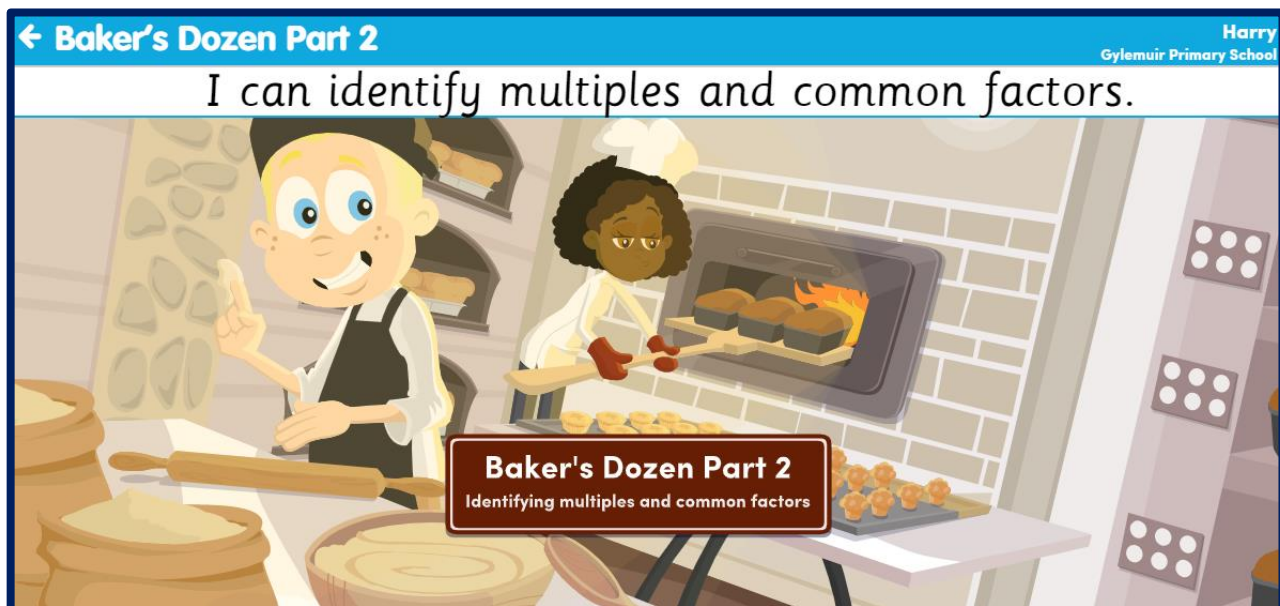

The main content area features a large illustration of a girl with blonde pigtails in a garden. Below this are five colored tiles representing different sections: "Classwork" (yellow), "Homework" (green), "Revision" (orange), "Subjects" (blue), and "Scores" (pink).

A sidebar on the left contains a navigation menu with the following items: Harry, Home, Classwork, Homework, Revision, Subjects, and Scores.

3. Select Homework. You will now be able to see the activities which your teacher has set you for your homework task.

4. Click on the picture showing your homework, in the example above some multiplication activities have been set. This will take you to the games or worksheets which you should complete for your homework.

5. Once you have completed your homework. Your teacher will be able to log on and see how well you completed the activity.

(PS In the examples above I have logged in as Harry - Harry is a fictional character and not a member of our class!)
